

Notes
 1. Air photography obtained from Bluesky International Ltd taken on 27th June 2010.
 2. Plots and their location are traced from the photo and are estimated only, these must be verified by ground inspection.
 3. Plots are numbered with an integer for the front plot (e.g. 170) adding a suffix of "A" for the rear plot (e.g. 170A). Where plots are let combined the A suffix is dropped.
